Here is a realistic way to have \$2,000 profit to buy your family the Christmas gift of their dreams.

Just take your holiday products with you to work every day. Let everyone shop while you watch! If the average customer selects three items from the holiday *Look Book* that averages out to \$72.90 per customer. Or if you want to make it simpler, you only need 8 customers a week buying \$50 each and you have met your goal!

Don't you and your family deserve a cash only Christmas? This is an easy way to make it happen!
